

**Press Release February 2007**

**India's No. 1 Medical Event**  
**Invitation to visit Hospimedica India 2007**  
13th International Exhibition on Diagnostics,  
Medical Equipment & Technology  
9 - 11 March 2007  
Pragati Maidan, New Delhi /India

Hospimedica India is a specialised event in the fields of Medical and Hospital Equipment & Supplies, Surgical & Diagnostic instruments and Rehabilitation and has developed into the leading International medical show in India. A forum of such professionalism can be found nowhere else in India. HOSPIMedica INDIA is your opportunity to meet the decision makers from India's healthcare sector.

This medical event will showcase the latest innovations and technology displayed on a single platform with a large international presence from Germany, China, U.S, Taiwan, Korea and leading Indian manufacturers of Medical and Diagnostic Equipment.

Hospimedica India will encompass areas of Medical Equipment, Hospital Supplies, Surgical Items, Medical Disposables, Rehabilitation Aids, Diagnostics, Hospital Furniture, Radiology and Imaging Equipment, Physiotherapy Equipment, Critical Care/ Emergency Equipment, Disinfection and Waste Management Systems, Medical Software, Medical Publications.

Some of the prominent exhibitors at Hospimedica India 2007 are the Narula Group, Janak Healthcare, Protos Engineering, Tismed, CISA, Medicon Hellas, Comdek Industrial, HAWO, Escad, Solaris, KOO ASIA, Frontline Medical, Biocare, MRK Healthcare, Vissco Rehab, FENIN and many more...

The exhibition is supported by **Spectaris** – German Industry Association for Optical Medical and Mechatronical Technologies and **Asia Invest** (Europe Aid Co-operation Office) as organisers of a Matchmaking event to help establish valuable business contacts with decision makers of European and Indian companies. **Fortis and Global Hospitals**, which are rated as India's leading hospitals, are also supporting the show.

A two-day parallel conference will be conducted by **Modern Medicare** – a monthly B2B (Business to Business) magazine for the healthcare equipment and technology industry. The conference will focus on the theme **Hospital Management and Latest technology in the Healthcare Sector**.

HOSPIMedica INDIA has attracted a large number of international delegates, experts from the medical industry and Business-to-Business meetings are undoubtedly the best way to do business and build relationships through interaction. As a business visitor this event will offer you information on the latest technology and equipment in the Medical Fraternity.

***Take advantage of the opportunities which Hospimedica India places at your disposal: forge new contacts and put your case to existing and potential clients.***
